Launch Date:	Summer 2011	Developer:	TikGames
Platforms:	Handheld download (TBD)	Rating:	E for Everybody (Mild Cartoon Violence)
Genre:	Action/Adventure	Price:	TBD

A MESMERIZING, DREAM-LIKE GAME, STARRING THE CREEPY-CUTE SCARYGIRL!

Based on the Scarygirl graphic novel created by acclaimed artist Nathan Jurevicius, Dr Maybee and the Adventures of Scarygirl is a marvelous adventure through the Scarygirl universe, as she attempts to discover the identity of the mysterious, bearded man haunting her dreams. With help from her friends, the quick-witted Bunniguru and Blister the giant octopus, she will journey from her treehouse home in the forest to an overwhelmingly unfriendly city in her quest to locate Dr Maybee.

Features

- **Surreal Art by Nathan Jurevicius:** Scarygirl's fantastic landscape and creatures are both beautiful and bizarre to behold
- **Scarygirl & Friends:** Calling them a 'colorful' cast of characters would be an understatement. Scarygirl, the part-octopus girl who dresses like a pirate, has a tentacle for her right hand and has naught but a bone for her left, is the star here, though each friendly or treacherous creature she meets will certainly be unique
- **It's a Completist's Paradise:** In each level, players can search high and low for hundreds of gems, fish, and other items to collect.

About SCARYGIRL

SCARYGIRL first began as an interactive online concept then expanded quickly into the world of designer vinyl/urban toys and accessories and limited edition artwork.

The SCARYGIRL series and has become an internationally recognised group of characters, which include the lovable Blister, an over-enthusiastic giant octopus, Bunniguru, a mysterious wandering rabbit sage, Dr Maybee, the creepy scientist and of course Scarygirl, the central figure and focus of the SCARYGIRL universe and story.

SCARYGIRL has relationships with leading manufacturers and producers of limited edition toys and products (inc KIDROBOT). In 2009 the SCARYGIRL graphic novel was first published to 4 star reviews and the multi award winning online Flash game was launched, which to date has enjoyed over 1.3 million unique players.

The fully animated SCARYGIRL feature film is in development and tipped for release 2013.
